

VTU Engineering Company Workshop

September 17, 2024

Save the Date

Let's meet our "VTU Engineering Company Workshop". We would like to have the chance to introduce our company and discuss together about sustainability and working social topics.

When: Tuesday , September 17, 2024

Where: Chemical, Materials and Industrial Production Engineering Department, Classroom "Scipione Bobbio" (Piazzale Tecchio 80, 80125 Napoli).

Time: 2:30 pm – 5:30 pm

At the end of the workshop, we can have a little one-to-one debrief with students to give more information about us.

Event Highlights:

- Opening: VTU Engineering Company insights
- Keynote Speakers
 - Gender Equity challenge, let's have a picture about work, university and VTU business initiative.
 - Gain insights on emerging trends and strategies in sustainable engineering
 - What does it means working in an engineering company? Let's find out together by practical examples.
- Final debrief: VTU meet students in a one-to one meeting.

Facilitator:

Valentina Gregori (Team Lead Process Engineer) and Alessio Silvi (Process Engineer)
